# 2015 KACF Annual Fund

## About KACF

Since 2002, the Korean American Community Foundation has served as a charitable organization and a trusted source of philanthropy within the Korean and Asian American communities in the Greater New York Area.

## What We Do

KACF **provides grants and management support** to nonprofit organizations working to **address the most pressing needs** in the Korean American community and beyond.

We **foster philanthropic giving** among Korean Americans, corporations, foundations and the general public by providing our supporters with an effective vehicle to magnify the impact of their gift.

**KACF focuses its philanthropic efforts locally, on the ever-changing needs of our communities.**

## Why KACF

KACF seeks to empower our community members to **become effective philanthropists and community advocates**. As such, KACF employs a **participatory grantmaking model** to promote greater understanding of community issues and is transparent in its grantmaking process.

KACF is often the **first source of institutional funding** for nonprofit organizations that are providing critical and culturally competent direct service to the most underserved populations. KACF is not only a grantmaker, but also a **convener of community-based organizations** and is considered a **thought leader** on issues affecting the local Korean American communities.

## Focus Areas

KACF promotes self-sufficiency and raises awareness in six main issue areas:

- Economic Security
- Health
- Safety
- Youth Empowerment
- Senior Empowerment
- Inter-Community Development

KACF Annual Fund recognizes the generosity of donors who give towards KACF's grantmaking. They support KACF and our community's success.
